**About IDEA SPACE**

**What is Idea Space?**

**What does Membership entitle?**

**Where can I learn more about Idea Space?**

**What is Idea Space?**

**We use your ideas and ideas from other members to assemble marketable inventions**

**Idea Space is a cutting edge tool for use by inventive minds around the world who would like to share their ideas and watch them become profitable. Likewise Idea Space provides instant access to those who need these creative ideas. We create a win-win environment for everyone.**

**The net profit from the sale of each invention is shared by all consequential contributors.**

**What does Membership entitle?**

**As a member of Idea Space, you will have access to our vast database of pre existing ideas. You have the choice to invent and share your own latest ideas, or browse and build upon the latest ideas contributed by other members.**

## About IDEA SHARES

### What are Idea Shares?

### Who benefits from the sale of Idea Shares?

What are Idea Shares?

At Idea Space, each individual idea contributed has prospective value. This value is represented by Idea Shares. Just as a company's shares represent a prospective value of a company in the stock market, Idea Shares represent a prospective value of ideas at Idea Space. Each time you add an idea to an idea tree, you automatically receive contingent contractual rights to the idea in the form of Idea Shares, which can be sold in full or in part to other interested parties. For a small fee, Idea Space acts as an escrow service, ensuring that these transactions proceed smoothly.

Who benefits from the sale of Idea Shares?

Inventors who do not wish to wait until the patent rights to ideas they have contributed are sold by Idea Space benefit when they receive payment much sooner than would otherwise be possible.

Share Prospectors who recognize a good idea when they see one may profit buying and selling Idea Shares according to their calculations of risk and value.

Prospective Buyers of Patent Rights are likely to be attracted to idea trees with a high proven transaction value.

FIG 55B

10072071.020802

FIG 55A

FIG 55B

**Prospective Buyers of Patent Rights may wish to purchase Idea Shares to the ideas in a tree before attempting to purchase the full patent rights to a tree as a means to reduce their overall purchasing costs, or to help insure against the potentially complete loss of prospective economic gain to a competitor. This is possible because owners of Idea Shares are compensated by either a portion of the income generated by the sale of the patent rights, patent license rights or even a royalty for each use of the patent.**

**Of course if you are the contributor of an idea you are not obligated to sell your idea shares at any time. When an idea tree's patent rights are sold, your Idea Shares will automatically be converted into a combination of monetary profits, percentage ownership of the eventual patent, and/or royalty on usage of the patent. The exact combination of these is determined by the elections of the Idea Share owners, the Buyer of Patent Rights, and/or the rules set forth for this process by Idea Space.**
